

## “Memorial Stones”

(Joshua 4:1-7; 18-24)

The children of Israel entered the Promised Land carrying twelve stones from the bed of the Jordan River, proof and a reminder of what they had experienced in the miraculous crossing-over and in walking with God. What should we learn from the story of the memorial stones?

*“The people rejoiced at the willing response of their leaders, for they had given freely and wholeheartedly to the LORD. David the king also rejoiced greatly” (1 Chronicles 29:9, NIV).*
