GOD'S DEFINITION > PERSONAL OPINION

(Psalm 139:13-14; Ephesians 2:10)

Everybody has an opinion. What's happening in our culture today is many of those opinions are now being accepted as truth. There is no longer ultimate truth; it's just what is true for you. One area where many people have let opinion shape their truth is on our value as a person. This morning we are going to talk about God's definition, His truth from scripture, is greater than our or anyone's personal opinion.
