Project Information

- Project location is Monywa
- South East Asia is a unique partnership between local Burmese churches, US participants and the church-planting students with IMCP (Institute for Missions & Church Planting) in Yangon.
- Teams will be small: 2-3 Americans, 1-2 Burmese pastors, and an interpreter

Project Information cont.

- ✧ Travel is tough - long journey, but we will stay together in a hotel that is comfortable by our standards (ac and hot/cold running water)
- ✧ Days will be filled with rich opportunities to share Jesus, mentor evangelism, build up the church and encourage new believers

Passport & Timeline

- ❧ Passport: Expiration must be 6 months after we return.
- ❧ **August 14:** Enough time to get money to IC for airline ticket purchase. This is usually about half of the project cost, and our target date for this is 6 weeks before the project. Shopping begins for the tickets at that time, but they can be purchased later - usually costing more.
- ❧ Total Cost: \$3,190...The church pays $\frac{3}{4}$ of the trip costs.
- ❧ **Individual Cost: \$798**

Payments

- ❧ Please turn in payment of \$798 to International Commission.
- ❧ Make note that it is for South East Asia Mission Trip.
- ❧ FBC Allen will send checks to IC for the group balance.

Evangelism Made Simple

❧ Required for every FBC Allen mission trip participant. *(If you have already completed the class you don't have to do it again.)*

❧ **Dates TBA**

❧ Discover the ease of sharing your faith with others. This two-part class, will help equip you to share your testimony and become comfortable sharing the plan of salvation. It is engaging and useful for anyone who desires to take a more active role in sharing Christ with others in their sphere of influence.
