TESTIMONIES:

Our team visited a man who was convicted of his sin and prayed to surrender his life to Jesus. After he prayed, he said, "I feel a change in my life. I was worshipping my clan leader, worshipping my religious leader. I bowed to him and gave glory to him, but today, God opened my eyes. God is the only one to be worshipped." Praise Jesus for He changes lives of people who come to Him by faith.

A woman was under demon control. She would fall down and faint. She heard there were preachers visiting her area, so she went to look for them. Our team of preachers shared who Jesus is and what He can do. The lady was convicted of her sin and she prayed to give her life to Him. After her prayer, our team laid hands on her and praised Jesus for setting her free. She said, "I thank God today I am set free from the evil powers. I give God all of the glory." Praise to Jesus!

Closing and Thanks: About 120 attended the closing rally.

We are so thankful to all the brothers and sisters in the name of Jesus for your prayers and contributions toward this project. It would be very difficult to do without your support. We appreciate you all.

Our prayer is that our God will bless you many-fold. May He also meet your needs. Glory and Honor to our Father in Heaven.

TESTIMONIES:

Our team visited a 90 year old man who was a leader of a devil worshiping group. We shared about the true savior. The man was convicted of his sin and prayed to surrender his life to Jesus. After he prayed, he asked the team to go return his devil worship goods back to the main group and he would come to church. The man was so happy to have Jesus in his life. To God be the glory for He is able to change the lives of people who open their hearts in true faith.

God used our team to share with others about Jesus in Ubiluko and to start a new church. Twelve adults gave their lives to Jesus and wanted a church to be started so they would not have to walk so far. Our team dedicated the place for the new church. Praise to Jesus!

Closing and Thanks: About 170 attended.

We are so thankful to God for what you dear ones have contributed towards this project. Without you, it would be very difficult to do. For those who prayed, we very much needed your prayers for our spiritual encouragement. For those who came to serve, together we made a great army for Jesus.

We praise the Lord for you all and for giving of yourself to serve the Lord in this way. May God our Father bless us all many times over.

3: LUSAKA, ZAMBIA | AUG 25-SEPT 1, 2018

LOCATION: Lusaka, Zambia

MISSION: After quite a few failed attempts, we thank God that this project has finally happened.

Mission Work: Twenty-four churches, 42 nationals and 22 missionaries from other countries participated in this project. We shared the gospel to 3256 people.

Professions of Faith: 1968

Rededication: 230

New Church Plant: 1

TESTIMONIES:

A Muslim man dramatically gave his life to the Lord when our team was making visits in one area called Emmasdale. He was captivated by the Evange-Cube that was used to present the gospel to one of his friends who he visited. He drew closer to the preacher and asked, "Can you please also explain to me the message you are sharing with my friend?" The preacher explained to him and he began asking questions. He first confessed that he was Muslim, but he wanted to believe in Jesus because for the first time in his life, he understood the truth that he had been ignoring for years. The preacher led him to Christ and took him through the assurance of salvation.

A family of nine gave their lives to the Lord when one of the teams was going house to house sharing the gospel. Their joy was ignited when the gospel was presented to them clearly for the first time. This family has been deeply rooted in some traditional practices, but since the gospel was shared with them, they were ready to accept and change their way of living.

Thanks: We wish to thank all the participants who made sacrifices and commitments toward the success of this project. We also appreciate the funding partners for their generosity to help us reach our own people in a very simple, yet highly effective way.
