Now hiring smiling faces

Snappy Salads Watters Creek opening Winter 2018.

Are you looking for a job that you enjoy? Do you want to work "normal" hours? Do you thrive when you're with positive people? Do you like working at a fast pace?

Work shouldn't be a drag. You should **enjoy walking into work** each day because you know that your fellow teammates and supervisor are there for you. We also know that giving you the **training and support** to perform your job at the highest level is very important in creating job satisfaction. A job should do more than just pay rent. When it does, **you'll be happy** because you're not just clocking in and out. If you're looking for a company that puts their team first, helps their guests lead healthier lives, and recognizes you for your contribution, join us! It's our goal for you to say, **"I belong here."** And then after that, our next objective is to give you recognition for what you do to make our guests' dining experience so good that they want to come back again tomorrow.

This is **the perfect opportunity** if you're looking for 25-30 hours per week. We have a few "evening" shifts available. We close at 9 p.m. so you can get home before the nightly news starts.

Many of our team members are either in school, balancing life as a parent, or have a second job. Our typical shift is 5 hours long and either starts at 9:00 a.m. or 4:00 p.m. We're not open early. We're not open late. Having a hospitality heart is a must and so is being able to communicate with our guests. We wear jeans, listen to music, **serve great people with smiles**, and get to eat unbelievable great food for free. If you love the restaurant business but are tired of clocking in and out, apply today. **Join our team.**
